Audioprobleme mit ALC1150

Beitrag von „gabrielz1“ vom 20. April 2016, 15:25

Ich nehme an du meinst das [hier](#) ?

Nur leider unterstützt das kein OS X 10.11.4 😞

Terminal Output:

Zitat

Agreement

The audio_cloverALC-100 script is for personal use only. Do not distribute the patch, any or all of the files or the resulting patched AppleHDA.kext for any reason without permission. The audio_cloverALC-100 script is provided as is and without any kind of warranty.

OS X Version: 10.11.4 is not supported

No system files were changed
