Erledigt EL Capitan Installation auf Lenovo Yoga 900s

Beitrag von „al6042" vom 13. Juni 2017, 21:40

Your m.2 NVMe SSD has only 128 GB of space... that leaves the following questions:
1. how much space is used with your current windows installation?
2. how much space do you think you'll need while doing your finals?
3. how much space will be left after considering question 1 and 2?
3. how much space do you think you'll need while using macOS?
