Cannot get ALC1150 audio with Ozmosis

Beitrag von „RA.UZ“ vom 13. Dezember 2017, 19:06

Hello! help me! I'm new in Oz world and i used hackintosh 1 year with clover, and now i want to change clove to Oz, i downloaded ready Oz rom for my mobo and installed 10.13 system workin good but i don't know how to install audio i used multibeast but not installed, please give me instruction how to install audio step by step (mobo: GA-Z97-D3H, VGA Intel HD 4600, Audio ALC1150) please help me? 😞😞
