Dan sollte das eine Realtek ALC1220 mit Audi ID 11 sein.
Teste das mal.

A screenshot of a table with three columns. The first column contains the text 'Realtek'. The second column contains 'ALC1220', where 'ALC' is in blue and '1220' is in an orange box. The third column contains the text '0x100003, layout 1, 2, 5, 7, 11'.
