Installation of Mojave with Ozmosis using HD 4600

Beitrag von „al6042“ vom 15. Juni 2018, 07:26

What are your [bios settings](#) in regards to the HD4600?

When I had such a Haswell machine I used the following:

- Intel Processor Graphics: Enabled
- Intel Processor Graphics Memory: 32M
- [DVMT](#) Total Memory Size: MAX
