

Erledigt Auto Login Root User

Beitrag von „arigata9“ vom 18. November 2018, 21:02

Wie wäre es, den User in der sudoers anzupassen?

```
##
## User privilege specification
##
root ALL=(ALL) ALL
%admin  ALL=(ALL) ALL

## Uncomment to allow members of group wheel to execute any command
# %wheel ALL=(ALL) ALL
|||
## Same thing without a password
# %wheel ALL=(ALL) NOPASSWD: ALL

## Uncomment to allow members of group sudo to execute any command
# %sudo ALL=(ALL) ALL
```
