

Kurzanleitung: High Sierra, Mojave ,Catalina, BigSur und Ventura auf ASUS Zenbook UX330UAK

Beitrag von „anonymous_writer“ vom 1. Februar 2019, 12:57

Yes for Mojave. >>> No guarantee for function . Private made instruction. <<<

When you use second stick to start Clover Bootloader you do not have to change the original Mojave installation Stick.

That's the idea behind the second USB stick.
