hello @ [Sascha_77](#)

Thank you for your apps. Big fan! 😊

Since German is not my native language, I use Mojave & Catalina. All OS installers will be displayed in German. It would be difficult to add. English MacOS installers for your TreeSwitcher app? Thank you (Google translation)

Never mind, It was a dumb mistake, while downloading the MacOS installer, using OpenCore I had an incorrect data/ language selection in "prev-lang-kb" .so until I reached the MacOS System preferences, everything was in German..All good now. Thanks for your great work. 🙌😊🙌
