Dell PowerEdge T20 - Triple Boot Wunder

Beitrag von „al6042“ vom 26. Mai 2020, 20:06

BT wird auch über USB angesteuert und zeigt sich eher unter den EHCx/EH0x-Einträgen, wie hier bei meinem Board unter XHC:

Property	Type	Value
DeviceClass	Number	0x02
ManufacturerClass	Number	0x02
SerialNumber	Number	0x00
Built-In	Boolean	True
IOServiceExceptionElements	Array	1 (0x00)
