

OC DELL Latitude E6420

Beitrag von „Mo-6420“ vom 18. Februar 2021, 14:25

my dear friend luluuu18,

It's not a problem of path just the efi partition of hdd must be format on fat32..

For me i usec2 hdd and 3 systems (windows, ubuntu and macos)..

I use windows to format efi partition of my 2nd hdd where macos big sur installing to format it on fat32 and surprise friend it works...
