

In Arbeit

HacinTosh - Ryzen 5950X - MSI Meg Unify X570 + AMD GPU (?)

Beitrag von „Enaske“ vom 25. August 2022, 09:25

haha, trust me, I am happy as well, it runs that flawless.

Do you got an Idea, how long new GPU usually take to be supported? I think about waiting for the 7800 XT since its around the Corner.
