

Ryzentosh - Ryzen 5 3600 - ASUS PRIME B450M-K II - AMD 6600 XT (Er Startet nicht)

Beitrag von „fabiosun“ vom 19. November 2022, 18:17

I suggest to boot well and then to start to optimize with ie a better smbios for his system and to add kexts and maybe a good usb mapping for his system
