

High Sierra 2023?? Videobearbeitung

Post by “fabiosun” of Sep 10th 2023, 4:37 pm

[Volox99](#) your system is pretty good also with macOS Sonoma and latest software you would like to use (adobe suite, davinci resolve and so on)

You should invest a bit (80/100€) to change your gpu in a rx 580 (or greater if you can invest a bit more on your system)
